

# REPLIQUES AUX GÉANTES

63 medias

---

Dans la création des GÉANTES, l'artiste touche et dessine en aveugle, ( yeux bandés), le corps de l'Autre, contour, formes, perceptions...L'Autre, réplique , à son tour en dessinant en aveugle(yeux bandés), le corps de l'artiste.  
Comme l'artiste s'empare plastiquement à l'aide d'encre de couleur, des dessins du corps touché pour en faire les GÉANTES, il s'empare également des dessins en réplique à l'aide des outils numériques sur papier RC, deux fois 40 x 30 pour un total de 80 x 30. En traduisant sa perception du vécu du toucher, ainsi que sa perception de la personne qui le dessine, il crée les RÉPLIQUES.
